WORLD CLASS INNOVATIVE TECHNOLOGIES

GLADWIN® GROUP
www.gladwingroup.com

We help you solve your most critical challenges in educational technology to drive student success.

The education landscape is continuously evolving. It's why we're focused on providing you the technology, tools and support to transform to meet the specific needs of your students. We are your partner in change working alongside with you to enable success for your institution or organization with innovative technologies and services.

We believe in the power of technology to expand access to education

We believe that everyone regardless of geography, financial situation, stage of life or disability—deserves access to education. To support your goals, our solutions deliver:

Learner Engagement

In the classroom, across campus or via virtual engagement, from enrolment to advancement institutions are delivering the type of connected and engaging technological learning experience, support network, and learning community today's students demand.

Academic Effectiveness

Institutions are designing educational technology ecosystems to meet the specific needs of their learners. It's an initiative that's designed to create more flexibility and efficient engagement for educators and compelling student experiences, together driving improved institutional outcomes. With an open, scalable, and integrated platform that simplifies integration across existing systems, institutions are driving excellence throughout the student's journey.

Education Insight

Institutions are leveraging data that is accessible, relevant and actionable to inform decisions and change behaviours. It's a strategic shift that uses data from all touch points and delivers insights at every level, providing the right information, to the right person, at the right time.

Story Of GLADWIN® GROUP

Gladwin Group consists of companies that are engaged in the Manufacturing, Designing, Research and Development of Ultra Modern Interactive Flat LED Panel, Display Signage, Advanced Digital Podiums, Video Conferencing UHD PTZ Zoom Camera's Solutions with software's, E-learning Content Development and Classrooms Projectors etc.

Dr. A D Lyall the Founder-CEO/Managing Director of the Gladwin Group along with his better half and Co-founder Dr.S.Lyall joined the hands and visions together to form the fast rapidly growing Hi-Tech ultra modern manufacturing of Interactive LED Flat Panels and the most advanced Video Conferencing live streaming/live relay solutions through the three Integrated companies named as GLADWIN GLOBAL INC/ GLADWIN TECHNOLOGIES/ GLADWIN TECHGEN PVT. LTD. headquarted at New Delhi, the Capital of INDIA, and Gladwin Global INC, Overseas office at Edmonton, Canada.

Gladwin Group has its own Technological designing / planning and manufacturing bases at Canada, Taiwan, Malaysia & India.

We are also having our IWB manufacturing plant at Gujarat, India.

Our Employees are equipped with amazing Engineering software / marketing / financial / management / technical skills with unusual career history who have successfully directed, lead and/or founded some of the most exciting companies, teams and talents.
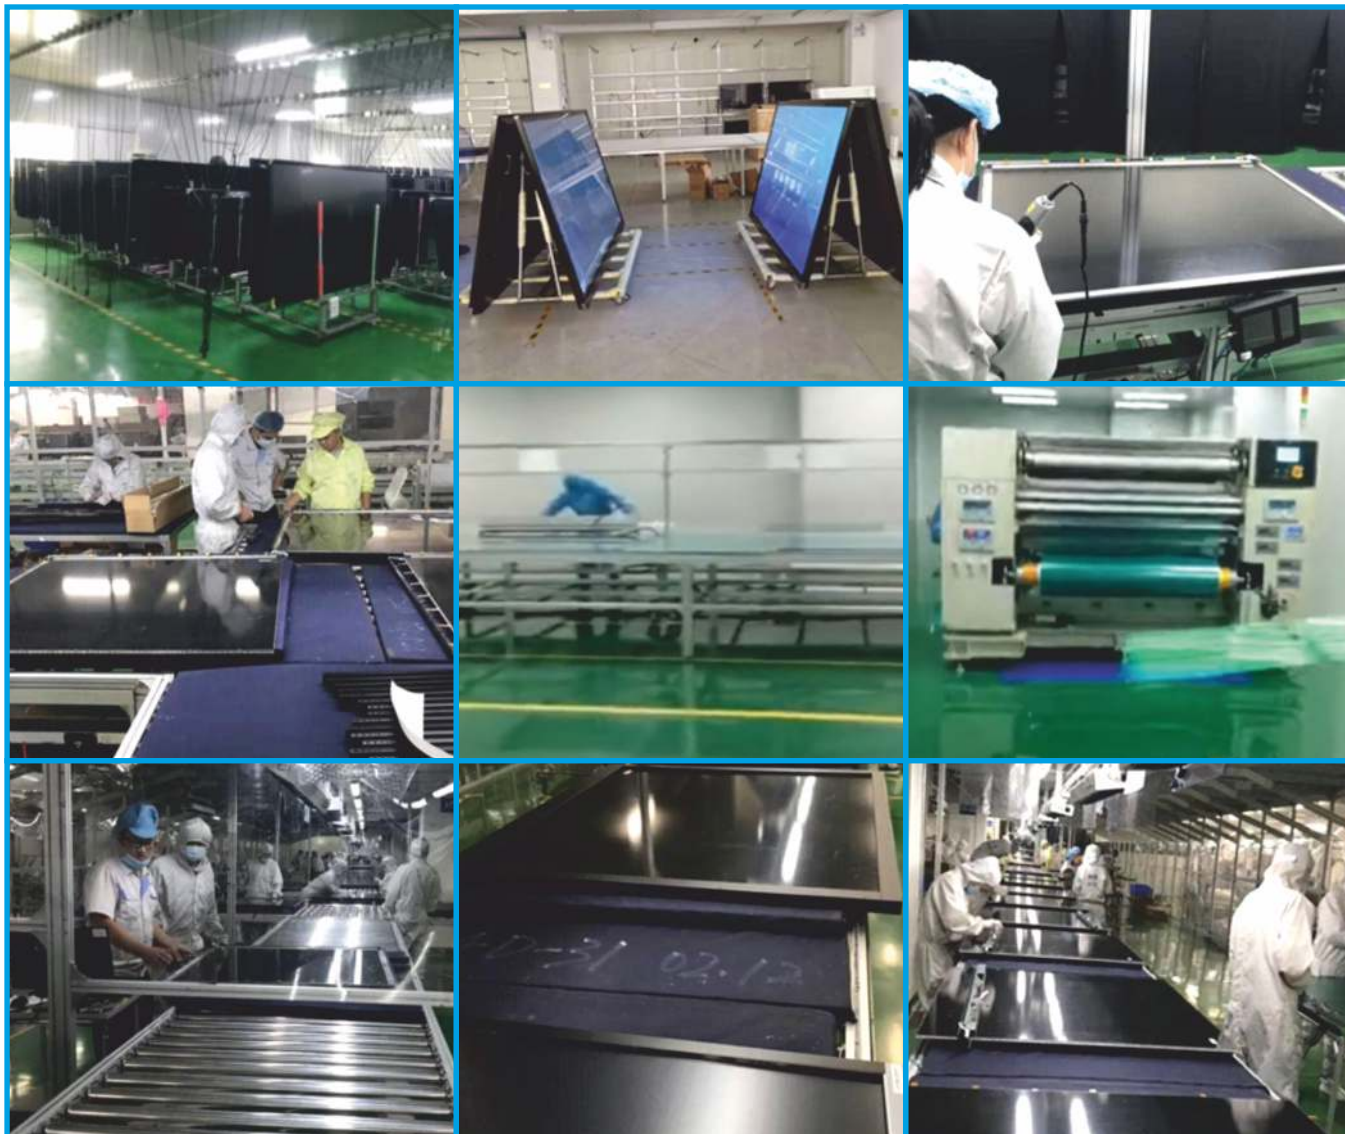

We are committed to work in the area of manufacturing World class Canadian Designed Hi-tech Interactive Flat LED Panels and bundles of Gladwin educational software's along with Corporate and K-12 educational international solutions that create value while radically expanding the thought process of the child and user of IFP.

**Available in Five different sizes which are 55"/65"/75"/86"/98".
Technologically designed in Canada and manufactured in India.
It is available both in Android & Windows OPS Dual Operating System**

Product Summary

- Adopt full aluminium alloy panel structure, anodized surface process, ultra-narrow frame, rounded corner design, fashion and beautiful appearance

- 4mm tempered glass with anti glare. Advanced IR 20 touching technology.

- The machine intelligently senses the changes of ambient light and light and automatically

adjusts the brightness of the screen to achieve the best display effect in different lighting environments, effectively protecting the eyesight of teachers and students, and achieving energy saving effect at the same time

- Anti-Light Interference Function "Can work under direct sunlight"

4K UHD Resolution
Stunning 4K UHD resolution makes for beautiful viewing

Android 9.0
The fastest operating system for an Interactive Flat Panel Display

3 Year Warranty
Total peace of mind with a 3 year warranty

Room Filling Audio
Powerful front facing speakers fill your classroom with sound, direct from the LED.

Up to 20pt Touch
Up to 20pt Multi-Touch – ideal for multi-zone gameification and cluster group learning activities.

OPS Integrated PC Option
Total peace of mind with a 3 year warranty for parts and labour.

Casting & Multi-Casting
Cast your Student's Screens from Chrome book, Laptops or PCs to the LED

In The Box

| Power Cord | HDMI Cable | USB Cable | Remote Control | Wall Mount | Stylus x 2 |
